Sir:

**REQUEST FOR CERTIFICATE OF CORRECTION**

Pursuant to 35 U.S.C. § 254, and 37 C.F.R. § 1.322, this is a request for a Certificate of Correction in the above-identified patent. The mistake identified in the appended Form occurred through the fault of the Patent Office, as clearly disclosed by the records of the application which matured into this patent.

The mistake is that the U.S. Patent and Trademark Office ("PTO") failed to list Applicants' claim for foreign priority based on Japanese Patent Application No. 2000-205085, filed July 6, 2000. Applicants made their claim for priority in their Declaration filed in this application on September 11, 2002. A copy of the priority document was forwarded by the International Bureau ("IB") to the PTO, as listed on the Notification of Missing Requirements mailed by the PTO on August 30, 2002. The

Examiner also acknowledged receipt of the priority document from the IB on the Office Action Summary mailed June 15, 2005.

In February 2006, the undersigned discussed with Ms. Walsky of the Office of PCT Legal Administration the status of the certified copy of the priority document. As a result, Ms. Walsky took steps to ensure that the certified copy is included with the image file wrapper of the above-identified patent.

Applicants have therefore met all requirements for making their claim for foreign priority and the PTO is requested to grant this Request to issue a Certificate of Correction listing Applicants' priority document on the face of the above-identified patent.

Two (2) copies of PTO Form 1050 are appended. The complete Certificate of Correction involves one (1) page. Issuance of the Certificate of Correction containing the correction is earnestly requested.

Please charge any required fees not included herewith to our deposit account 06-0916.

Respectfully submitted,

FINNEGAN, HENDERSON, FARABOW,  
GARRETT & DUNNER, L.L.P.
